Plug-In 2012 Exposition Opens to the Public

Get Plugged Into the Future of Transportation!

Tuesday, July 24, 2012
5:30 – 9:00 pm
Henry B. Gonzalez Convention Center, Hall A

Charged up about plug-in hybrid and electric vehicles? Curious to learn more and check them out yourself? With automakers now bringing these vehicles to market, get your own first-hand look at a variety of cleaner and greener cars that can lower fuel costs, greenhouse gas emissions and our dependence on oil.

See the very latest vehicles, charging systems and other plug-in technology innovations at the *Plug-In 2012 Public Night*.

Tickets can be purchased at the door for $10. For more information on Plug-In 2012 and to view our list of exhibitors, visit www.plugin2012.com.

5:30 – 7:30 pm

EXHIBIT HALL OPEN TO THE PUBLIC

Vehicles scheduled for display *(subject to change)* include the Chevrolet Volt, EN-V (Electric Networked Vehicle) concept vehicle, Infiniti LE Concept (Electric-Powered), Mitsubishi i-MiEV, Nissan LEAF, Tesla Roadster, Toyota Prius PHV and more.

7:45 – 9:00 pm

PANEL: WHERE DO WE GO FROM HERE?

Take part in this casual, candid discussion about the world of plug-in vehicles: what's here, what's coming, and what still needs to happen to ensure EVs are here to stay.

Moderator: **Chelsea Sexton**, Founder, The Lightning Rod Foundation and former General Motors EV1 Specialist

Public Night is sponsored by ***CPS Energy*** *– the nation's largest community-owned natural gas and electric utility, serving approximately 728,000 electric and 328,000 natural gas customers in Greater San Antonio. The utility offers the lowest rates among the top 10 largest U.S. cities, while ranking number 1 in wind-energy capacity among municipally owned utilities, and number 1 in Texas for solar generation. Since 2011, CPS Energy has been studying the impact of EVs and EV charging on its infrastructure and has incorporated a dozen EVs into the utility's vehicle fleet.*

Conference & Exposition Organized by:

EPRI ELECTRIC POWER RESEARCH INSTITUTE
