ALAMO AREA AGENCY ON AGING (Alamo AAA):		
Alamo Senior Advisory Committee		<p>2014 Actual Performance Measures:</p> <ul style="list-style-type: none"> • The Alamo Ombudsman program has continued to grow with new programs and new funding streams. Through a Money Follows the Person (MFP) Demonstration grant, Alamo AAA is expanding its education of nursing home residents, nursing facility staff, resident councils and family members about supporting people who, with financial assistance programs, want to leave a nursing facility and live independently in the community. Alamo AAA provided information about community options such as housing, health care, transportation, daily living and social activities that can help residents and their families make decisions from the planning phase to the actual relocation into the community from a facility. • The Ombudsman program successfully supported advocacy services for residents of the regions' nursing facilities and assisted living facilities. Staff and volunteer ombudsmen made over 1,309 visits to facilities. • The Health and Wellness program served 1,362 residents in the rural region through the following programs: A Matter of Balance, Chronic Disease Self-Management, Diabetes Self-Management, and Community Stress Busting classes. • As one of five partners with Bexar Aging, Alamo Aging was able to extend/increase respite services to care recipients over 60 and provide services to care recipients under the age of 60. Funds made available through the Lifespan Respite Grant paid for In-home Respite care, Respite Voucher, Emergency Respite, Daycare, Homemaker and Personal Assistance services. • Information, Referral and Assistance services were expanded through an Aging and Disability Resource Center (ADRC) grant using the existing infrastructure with the Alamo Service Connection (ASC), an information, referral, and assistance system for seniors, people with disabilities, and their families. ASC helps them navigate the complex system of services offered by government agencies, nonprofits, and other service providers. ASC has an extensive database on its website, which is supported by the ASC call center. Staff help callers explore options for handling problems related to aging and disability, and recommend resources and strategies for problem resolution. • The 2014 edition of the "Guide to Helpful Resources and Information" was produced through an arrangement with Senior News. Over 23,000 copies were distributed in the 13 counties AACOG serves. The ADRC funding allowed for more outreach in the 13-county region. • During the State fiscal year 2014, the Alamo AAA provided services to 11,347 senior and caregivers in the Alamo AAA area. This included 1,915 congregate meals, 1,252 home delivered meals and 6,729 transportation trips. • The Alamo AAA delivered supportive services to seniors in their homes such as homemaker services (provided to 61 seniors), personal assistance services (provided to 33 seniors) and residential repair services (provided to 77 seniors).

		<p>Comparison of Projected to Actual 2014 Performance Measures:</p> <ul style="list-style-type: none"> • Through the ADRC collaboration with Bexar AAA, Alamo AAA has expanded its outreach and services to rural, elderly and disabled seniors and veterans. • Alamo AAA continued its trained Care Transitions Intervention (CTI) coach on staff, and continues conversations with rural regional hospitals. • Alamo AAA, in partnership with 16 other agencies in Texas, was awarded funding for the ACA Navigator project. The project was completed in July 2014. Alamo AAA hired full time and part time Navigators who provided education, outreach and enrollment assistance to individuals between the ages of 18-64.
		<p>2015 Projected Productivity/Performance Measures:</p> <ul style="list-style-type: none"> • Accelerate work with the regional information and referral network, ARDC/Alamo Service Connection, to ensure adequate services are provided to rural clients, and for increased exposure of the Alamo AAA services. • Alamo AAA will continue outreach to regional hospitals to assist with Care Transitions for seniors who are being released from the hospital to a home setting. • Continue grant writing efforts to help support the work of the Area Agency on Aging and its service to seniors in the region. • Focus on work with Veteran’s organizations and work in the 12 rural counties to outreach to veterans 60 and over and disabled veterans. • Seek Senior Transportation grants and partnerships to address the challenges of rural transportation needs. The primary focus for services will be medical appointments to include dialysis. • Alamo AAA will continue to promote the “Warm Hearts, Warm Homes” project, which provides heaters to seniors in need. Heaters are purchased with private donations.

Expenditure of the LIHEAP 2014 Program Year funds did not begin in earnest until the completion of PY 2013 LIHEAP (post April 2014) and after the bulk of the first Department of Energy (DOE) allocation was expended. The Program received two allocations of previously unexpended DOE funds from PY 2011 and PY 2013 in the amounts of \$106,668 and \$324,701 respectively. The DOE PY 2013 funds will carry through March 2015. At the date of this report \$141,476 of PY 2013 DOE funds remain and will be expended prior to the March 31st contract end date. A compressed timeline was anticipated and the need for increased staffing was addressed. Changes from DOE including new training and certification requirements for 2015 as well as unanticipated extra funds and longer than anticipated timelines for restructuring job descriptions caused delays in hiring needed staff. Production was additionally hampered slightly by personnel shortages due to turnover, medical leave and staff time lost during the training process of existing staff and new personnel by year-end, most positions had been filled and production was back to projected levels. <p>2015 Projected Productivity/Performance Measures:</p> <ul style="list-style-type: none"> Neither 2015 LIHEAP or DOE WAP contracts have been issued at the time of this report. It has been speculated that LIHEAP will drop to approximately \$1.3 million. It is unknown at this time if DOE will be issued in two contracts for PY 2014 and PY 2015 funds with the directive to expend the oldest allocation first as it was last year, or if there will be a single award.
